GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 52.

Bombay Castle, 4th April 1934.

Read reports from the Commissioner in Sind, the Commissioners, Northern Division, Central Division and Southern Division, on the administration of Local Boards in their respective charges during the year 1932–33.

RESOLUTION.—*Number of Local Boards.*—The number of Local Boards remained the same.

2. *Area and population.*—The increase or decrease in the figures of population of Local Boards in Sind as compared with those of the preceding year is due to rectification of errors by reference to the census report of 1931.

3. *Constitution.*—The constitution of the Local Boards remained unchanged.

4. *Elections.*—In the Central and Northern Divisions no triennial elections were held during the year under report. The general elections of all the Boards in Sind and in the Southern Division were held during this year with the results shown in Appendix A.* Interest in the elections varied from district to district and from taluka to taluka. In some places elections were very keenly contested, while in others they excited little public interest. In Sind the number of constituencies which were uncontested was large in proportion to the total number of seats. Of 156 constituencies in eight District Boards in only 49 were there contests.

5. *Meetings.*—The Taluka Local Boards of Shahdadpur, Sinjhoro and Moro in Sind, Igatpuri and Man in the Central Division, Dahanu and Murbad in the Northern Division and Dharwar, Karajgi, Shiggaon and Gadag in Southern Division, failed to comply with the provisions of section 35 (1) of the Bombay Local Boards Act, 1923, as they did not hold the requisite number of quarterly general meetings. Government note that, while the average percentage of attendance at the meetings of District and Taluka Local Boards decreased, the number of meetings adjourned for want of quorum and for other reasons was less than in the previous year.

6. *Income.*—The aggregate income of the Boards (excluding opening balance and debt) decreased from Rs. 1,90,14,609 to Rs. 1,83,96,135. The principal variations under the main sources of revenue are explained below :—

(*a*) *Local Rates.*—The receipts increased from Rs. 50,10,469 to Rs. 50,46,499. Only in the Central Division was there any increase, which was due to the recovery of local fund cess which had been suspended in the previous years. In the other Divisions the decrease was due partly to the receipts of previous year having included collection of arrears and partly to other causes.

(*b*) *Education.*—The receipts decreased from Rs. 99,78,797 to Rs. 92,99,843. The decrease occurred in the Central, Northern and Southern Divisions, and was generally due to the reduced Government grants, and in the Southern Division to the non-payment of their quotas by some non-Local Authority Municipalities. In Sind the apparent increase was due to the fact that the receipts of the District Local Board, Thar Parkar, in the preceding year were accounted for in the return of the year under report. If these receipts are discounted the total receipts of the District Local Boards in Sind in the year under report would show a decrease.

* Printed as an accompaniment to this Resolution.

(*c*) *Medical.*—The receipts increased from Rs. 2,46,670 to Rs. 2,91,349 due mainly to the levy of fees according to the revised dispensary rules.

(*d*) *Civil Works.*—The receipts decreased from Rs. 21,99,731 to Rs. 21,01,963. The decrease occurred in the Northern and Southern Divisions, due partly to reduction of Government grants for communications and to smaller receipts from other sources. In Sind the small increase of about Rs. 4,000 is due to increase in receipts from toll-tax and other contributions. In the Central Division the increase of about Rs. 5,000 was mainly due to larger receipts from tolls.

7. *Expenditure.*—The aggregate expenditure of the local boards chargeable to current income decreased from Rs. 1,89,79,572 to Rs. 1,75,63,670. The principal variations under the main heads are explained below :—

(*a*) *Administration.*—The expenditure increased from Rs. 7,41,629 to Rs. 7,45,983. The increase occurred in the Central Division only and was mainly due to the inclusion by District Local Board, Sholapur, under this head of the educational figures which were not shown in the previous year's statement. The decrease in Sind and in the Northern and Southern Divisions was due to measures of economy adopted by the District Local Boards, such as the emergency cut in the salaries of the establishment and curtailment of expenditure on contingencies and travelling allowance.

(*b*) *Education.*—The expenditure decreased from Rs. 1,17,79,441 to Rs. 1,08,33,171. The decrease which occurred in Sind and in all Divisions, was due to general retrenchment to meet the drop in income and was effected mainly by a cut in salaries and where necessary by the closing of schools.

(*c*) *Medical.*—The expenditure decreased from Rs. 12,47,414 to Rs. 12,30,224. The decrease occurred mainly in Sind, due to the emergency cut in the pay of vaccinators and compounders, to reductions in grants to dispensaries and contributions to medical institutions and to retrenchment in establishment and contingent expenditure of dispensaries. In the Southern Division, in the Bijapur District there was an increase due to the payment of the previous year's charges of medicine and to the entertainment of a special medical officer and supply of large quantities of anti-plague vaccine and disinfectants. In Kanara an increase was due to the larger purchase of medical stores and increased contingencies.

(*d*) *Civil Works.*—The total expenditure decreased from Rs. 43,11,012 to Rs. 39,63,078. The decrease occurred in the Central, Northern and Southern Divisions, and was mainly due to restriction in expenditure on works, owing to reduced Government grants and financial stringency. In Sind an increase was due to greater expenditure on buildings and communications.

8. *Closing balances.*—The aggregate balances of all the Boards amounted to Rs. 57,06,372 as against Rs. 53,63,368 in the previous year. The closing balances of the District Local Board, Sukkur, and 4 Taluka Local Boards in Sind were less than the prescribed minimum balance. On the other hand the closing balances of most of the District Local Boards were much in excess of the prescribed minima. The large balances are attributed to various causes, including inclusion of the balances of Taluka Local Boards in the balances of District Local Boards, late recovery of local fund cess, non-completion of the budgetted works, inclusion of balances of special funds, or funds earmarked for special purposes, and reluctance of boards to finance works from their own funds.

9. *Primary Education :—*

Sind.—On account of financial stringency little could be done for the expansion of primary education. In pursuit of retrenchment a number of schools had to be closed, including in Karachi two English classes, in Hyderabad five night schools, in Sukkur several primary schools, in Larkana six schools and one agricultural bias class, and in the Upper Sind Frontier three primary schools. On the other hand in the Thar Parkar district 12 primary schools had English classes added to them and in Sukkur the English classes at Daharki were converted into an Anglo-Vernacular school. In the Upper Sind Frontier a set of English classes was attached to a primary school.

Central Division.—The number of primary schools maintained by the District Local Boards decreased as shown in the margin in all districts, except in West Khandesh and Bombay Suburban Districts where there was no change. The closing down of the schools was due partly to the reduction in the Government grant and partly to the poor attendance on account of the prevailing economic distress.

Ahmednagar	(46)
East Khandesh	(25)
Nasik	(18)
Poona	(10)
Satara	(2)
Sholapur	(5)

In connection with wastage in primary education the Collector of Sholapur observes—

> "In nearly every village school the great majority of the children are in the infant and first two classes. This means that a large proportion of the pupils never reach the fourth vernacular standard, the lowest point at which a mastery of the three "R's" can be said to begin. The money spent on teaching such pupils is entirely wasted and the school functions merely as a crêche for these young children while their mothers are at work."

The Ahmednagar Board paid special attention to agricultural bias classes and the provision of boarding houses attached to 10 central schools to house boys of the poorer backward and depressed classes. Also, it is remarkable that panchayats re-opened 5 out of 11 English classes closed last year in 1st grade vernacular schools.

Northern Division.—In the Kaira district the number of schools decreased from 382 to 328 on account of lack of pupils. In the Panch Mahals, which has a large backward class population, there are many villages without schools, and it is suggested that, as the Board has a balance of Rs. 2,58,476, as against the prescribed minimum of Rs. 5,000, a special effort should now be made to provide education for forest tribes and others in backward areas.

The six school buildings which were under construction in the Surat District under the Sir Purushottamdas Thakurdas Building Scheme have been completed. The number of night schools fell from 17 to 9, as the enthusiasm shown by the people in the past appears to be decreasing. The District Local Board, Thana, reduced its contribution to the School Board by allotting only 50 per cent. as against $66\frac{2}{3}$ per cent. of the local fund cess.

Southern Division.—All the Boards complain that lack of funds prevented the due expansion of primary education and that retrenchment was the main duty of the year. The Kolaba Board, however, increased its schools from 380 to 389 spending Rs. 10,000 on opening new schools, while, though the Ratnagiri Board abolished 40 schools, of which the working was said to be unsatisfactory, it opened 60 new ones. In Belgaum the number of schools fell from 741 to 733. Special schools were opened by the Board for the children of the Depressed classes in addition to these being admitted to the ordinary schools. The Dharwar District Local Board on the contrary abolished separate schools for Depressed classes and ordered admission of their children to general schools. This latter course appears to Government preferable.

10. *Medical and Public Health*:—

Sind.—The grant paid by the District Local Board, Karachi, to the Lady Dufferin Hospital, Karachi, was reduced from Rs. 2,000 to Rs. 1,500, and the grant of Rs. 1,800 paid to C. E. Z. Mission Dais Improvement was discontinued, and the appointment of a midwife at Tatta was abolished as the Tatta Municipality refused to pay a share of the cost. The District Local Board, Hyderabad, paid subsidies of Rs. 600 to a "Hakim" (practitioner of indigenous medicine) at Tando Kaisar and Rs. 300 to another at village Gutka.

52,000 tablets of quinine were distributed free amongst villagers and 10,000 quinine and cinchona tablets were sold at half price through the agency of school masters by the District Local Board, Larkana. Anti-mosquito experiments with Paris green were continued by that Board in five villages in Kambar taluka. 70 small villages, which do not contain any village local authority, were cleansed in rotation by the special scavenging staff maintained by that Board for the purpose. The Board also opened a maternity home at Miro Khan and gave a scholarship of Rs. 40 per mensem to a woman for receiving training in midwifery and nursing. A few sporadic cases of cholera occurred in the Larkana District, but the disease was stopped by timely measures. 5,331 persons were inoculated and 399 persons

were given anti-cholera Bilivaccine. The District Local Board also carried out health propaganda by leaflets and photographs showing the advantages of vaccination and other sanitary measures.

The District Local Board, Nawabshah, reduced by 25 per cent. the usual grants-in-aid of Rs. 900 and Rs. 1,500 paid by it to the municipalities of Shahdadpur and Tando Adam, respectively, for the maintenance of the dispensaries situated within the jurisdiction of those municipalities. This reduction is regrettable as the attendance from the Local Board area has been increasing.

To combat malaria the District Local Board, Upper Sind Frontier, supplied medicines of the value of Rs. 96 to the special medical officer appointed by Government, sanctioned a special grant of Rs. 275 for dispensaries at Thul, Kandhkot and Kashmore for purchase of additional medicines and distributed free 1,07,502 quinine tablets. It evinced much interest in the Baby Week and the Health Exhibition held at Kandhkot and increased the annual contribution to the Red Cross Society from Rs. 400 to Rs. 700 for the purpose of opening a maternity home at Thul.

The number of Local Board dispensaries in Sind remained the same as in the previous year, but the state of many leaves much to be desired.

In rural areas in Sind vaccination is carried on on a voluntary basis and is under the direct supervision and control of the Public Health Department, except in the Sukkur District where the control was transferred to Local Board in 1909. The application of the District Local Board, Larkana, for taking over vaccination is pending the fulfilment of the condition that its Health Officer should obtain the necessary qualifications before his appointment can be approved by Government under section 119 (2) of the Local Boards Act.

Central Division.—During the year under report there were epidemics of plague, cholera and small-pox in the Satara and Sholapur districts and cholera in East Khandesh. The District Local Boards concerned appointed extra staff and took measures to combat these epidemics.

There was no change in the number of dispensaries maintained by the District Local Boards in this Division, except in the Nasik District where the Harsul dispensary in the Peint taluka was closed on account of poor attendance.

The District Local Boards of Sholapur and Satara undertook the destruction of cactus by the agency of the cochineal insect. This process, though slow, appears to be cheap and effective and it is suggested that other Boards might well take similar measures to eradicate the cactus which much contributes to the insanitary surroundings of so many villages.

Northern Division.—Plague appeared at some places in the Kaira and Surat Districts and the District Local Boards took measures to combat it, including the appointment by the District Local Board, Kaira, of a Medical Officer and five Inspectors on special duty. There were cases of cholera in the Thana District and the Board took action at a cost of Rs. 2,275 to check it. Two temporary medical officers were appointed on anti-malarial duty for a period of three months to give relief to the people in the malarious jungle patti villages in the Thana District.

Southern Division.—During the year plague appeared in the districts of Belgaum, Bijapur and Ratnagiri, cholera in Dharwar, Belgaum, Kanara, Kolaba and Bijapur districts and small-pox in Kanara, Kolaba and Ratnagiri. Measures were taken by the Boards to combat the spread of these epidemics. In the Belgaum District a special medical officer was appointed in addition to the normal Sanitary and Health staff, and 65,479 inoculations were made against plague, about 6·5 per cent. of the population of the District being thus safeguarded. The plague expenditure incurred by the Board was Rs. 13,228. In the Bijapur District special anti-plague inoculators were engaged and Rs. 11,000 were spent. The Dharwar Board also engaged one special inoculator and undertook rat-baiting and disinfection of affected areas and launched organised propaganda to combat the spread of the disease, which was particularly severe in Dharwar and Hubli talukas. The total number of inoculations done was 65,570. The local officers report that, though the Boards generally made a real effort to deal with these epidemics, the measures they undertook were not sufficiently well organised or sustained. Epidemics of any magnitude cannot be dealt with satisfactorily by

a District Local Board unless there is a fully qualified Health Officer who can devote his whole-time and attention to the organising and supervision of epidemic work. Out of the six Boards in the Southern Division only the Dharwar Board has a whole-time Health Officer.

11. *Veterinary Dispensaries* :—

Sind.—The number of Veterinary dispensaries remained the same as in the preceding year.

The annual Horse Show was held at Jacobabad, as usual, and was well attended and at the same time were held Cattle and Agricultural exhibitions. The entire cost of the Show was borne by the District Local Board, Upper Sind Frontier.

As suggested in paragraph 12 of Government Resolution, Revenue Department, No. 6567/24, dated the 13th October 1932, all the District Local Boards have issued instructions to their establishment to co-operate with the subordinate revenue establishment in reporting outbreaks of contagious diseases amongst cattle.

Central Division.—The number of veterinary dispensaries remained the same in all districts, except Ahmednagar. The Ahmednagar District Local Board closed down all the eight taluka dispensaries from 1st August 1932, on the plea of financial stringency, as Government had stopped all grants except for the dispensary at Nagar. Four of these dispensaries have, however, been re-opened this year on the receipt of a Government grant of Rs. 1,000.

Northern Division.—The number of veterinary dispensaries remained the same as in the preceding year, and they have worked satisfactorily.

12. *Civil Works.*—The following table shows the Government grants paid to the boards and the amounts spent by them from the Government grants and their own funds on local public works :—

Division.	Amount of Government grants.	Amount spent from the year's Government grants and unspent Government grants of previous years.	Amounts spent from local fund.
	Rs.	Rs.	Rs.
Sind	1,68,000	1,87,354	2,14,419
Central Division	2,82,000	3,15,443	2,93,006
Northern Division	1,63,000	1,68,083	3,16,853
Southern Division	1,67,320	1,96,913	4,05,294

Sind.—The condition of roads and bridges in charge of Local Boards continues to be unsatisfactory. The main requirement is a regular programme for systematic repairs to roads and bridges spread over the next few years. It is hoped that the Local Boards will pay serious attention to this matter.

A new office building was constructed by the District Local Board, Karachi. The District Local Board, Larkana, constructed a building costing over Rs. 5,000 for the Maternity Home at Mehar named " Margarete Gibson Maternity Home ".

On account of financial stringency, the District Local Board, Karachi, abolished the appointment of the Board Engineer. Except the District Local Boards, Karachi, Hyderabad and Upper Sind Frontier, the other District Local Boards have qualified Engineers in their service.

Central Division.—The amount spent on public works by the District Local Boards from their own funds as compared with that provided by Government shows improvement in this Division. Considerable activity was evinced by the Sholapur District Local Board in the construction of new roads and buildings and the District Local Board, Nasik, completed the important original work of the Kasari Ghat Road.

The provincial works, which have been transferred to the District Local Boards of Ahmednagar and Poona, were continued under their management during the year under report.

Northern Division.—A special grant of Rs. 2,000 was given to the Superintending Engineer, Northern Circle, for reconstruction of a bridge on Ahmedabad-Dholka Road. The District Local Board, Thana, took up the construction work of the Raita bridge and an amount of Rs. 5,000 was spent on it during the last months of the year under report and the work is still in progress.

Government regret to note that it is reported that the local board roads in the Surat District were not maintained even with minimum efficiency.

Southern Division.—It is reported that most of the local boards did good work. In the Belgaum District the expenditure on roads was the same as in the last year. In the Dharwar District, with a view to improving country tracks, some of the Taluka Local Board roads have been taken over by the District Local Board for maintenance. In the Bijapur District communications were satisfactorily maintained by the District Local Board. In the Kanara District the work of special repairs to bridges and culverts received special attention of the District Local Board.

13. *Village Water Supply.*—The following table shows the Government grants to the District Local Boards and the amounts spent by them from Government grants and their own funds for the improvement of village water supply :—

Division.	Amount of Government grants.	Amount spent from Government grants and unspent Government grants of previous years.	Amount spent from local fund.
	Rs.	Rs.	Rs.
Sind	19,091	12,323	15,027
Central Division	24,622	23,136	39,074
Northern Division	18,000	15,990	1,40,293
Southern Division	23,350	21,491	48,729

Sind.—The District Local Board, Larkana, constructed two new wells, besides sinking three tube wells.

Northern Division.—The grants allotted by Government were spent by District Local Boards in constructing new wells and in carrying out repairs to the existing means of water supply in the Viramgam Taluka. The District Local Board, Ahmedabad, adopted with success a system of shallow boring. Scarcity of potable water is the usual complaint in the Bhal tract, and special grants have been allotted from time to time for improvement of water supply in this precarious area. The District Local Board, Kaira, completed two new wells and undertook the construction of three others during the year. Boring was done in nine wells of which eight proved successful. Scarcity of water continued to be felt in the Bahara tract in the Broach District. In the coastal villages of Surat potable water is often inaccessible and it is reported that drinking water has in many cases to be fetched several miles. Government consider that the District Local Board, Surat, should pay particular attention to the hardship thus caused to the inhabitants, and, if possible, devise measures for the improvement of the water supply in this area.

14. *Works Committee, Standing Committees, Budget Committees, etc.* :—

Sind.—All the Local Boards have Standing Committees as required by section 36 (*1*) of the Bombay Local Boards Act, but it is reported that in some cases these Committees did little or no useful work.

The District Local Board, Karachi, appointed a Retrenchment Committee to reorganise the finances of the Board.

Central Division.—Standing Committees were appointed by all the District Local Boards and Taluka Local Boards, except the Taluka Local Board, Peint, in the Nasik District.

Northern Division.—The Standing Committees appointed by the District Local Boards are reported to have done useful work. All the Boards in the Districts except Ahmedabad and Kaira, had also appointed Works Committees to inspect the works in progress. For dealing with special problems, the District Local Boards of Broach and Thana appointed special committees, e.g., Public Health Committees, Village Panchayat Committee, the Raita Bridge Committee, etc.

Southern Division.—Works Committees were appointed by 5 Taluka Local Boards in the Kanara District. In other boards the functions of these committees are discharged by Standing Committees. Special Committees (Budget Committee, Finance Committee and Rules Committee, etc.) were appointed by all Boards as and when the necessity for them arose.

15. *Village Panchayats and Village Sanitary Committees :—*

Sind.—There are no village panchayats in Sind. The number of Sanitary Committees in Larkana District increased from 52 to 53 whereas in the Thar Parkar District it decreased from 28 to 26; the total number of Sanitary Committees in the whole Division decreased from 218 to 217. It is reported that the amendments in the Bombay Village Sanitation Act enacted by the Bombay Act XXV of 1931 have not yet brought about any increase in the number of Sanitary Committees or aroused the interest of villagers in the working of the existing Sanitary Committees.

Central Division.—The total number of village panchayats in the Division increased by 3, i.e., from 126 to 129 : Increases occurred in Ahmednagar (2), West Khandesh (2), Nasik (1) and Sholapur (1). There were decreases in East Khandesh (1) and Satara (2). The number of panchayats in the Poona District remained unchanged, viz., 17. There are no panchayats in the Bombay Suburban District.

No improvement is noticeable in the working of these bodies, except in East Khandesh where on the whole the 33 panchayats are reported to be working satisfactorily. The Collector of Poona reports that the position of most of the Panchayats in his District is " scandalous ". The percentage of arrears of dues in one case is 100, in three cases it is over 90, and in five cases it ranges from 52 to 81 and Government much regret to note that some of the worst offenders are the larger and more progressive towns of the district.

The number of Sanitary Committees increased by 2, i.e., from 24 to 26, as 3 new Sanitary Committees were established in the Satara District and one was abolished in the Poona District. It is reported that out of the six committees only two have done anything to justify their existence owing to reluctance of the villagers to raise funds.

Northern Division.—The number of village sanitary committees in this Division remained the same, i.e., 43 during the year, while the number of village panchayats decreased from 58 to 57. No noteworthy improvements are reported in their general administration. The Village Panchayat at Amod was cancelled with effect from 1st March 1933 on the termination of its term owing to a material irregularity at the election of the Panchayat. The Village Panchayat at Palghar constructed a market at a cost of Rs. 5,306 and augmented its annual income by Rs. 900. The Thana District Local Board paid grants-in-aid to the Panchayats in the District to the extent of 1/5th of the income derived by these bodies from house-tax.

Southern Division.—The number of village panchayats fell from 72 to 68. The working of the panchayats in the Belgaum and Dharwar districts has been reported to be generally unsatisfactory. In the Belgaum District 10 panchayats have practically done no work. The panchayats in Bijapur and Kolaba are reported to be working well. The new village Panchayats Act and the rules thereunder have not yet been brought into effect, and it is not possible to judge what effect the improved village Panchayats will have on rural self-Government.

16. *Audit of Accounts :—*

Sind.—The following were among the more important irregularities detected in audit during the year under report :—

(1) The District Local Board, Karachi, allowed a sub-overseer, who, it was alleged, had misappropriated several amounts to resign before the enquiry with regard to the alleged misappropriations was concluded.

(2) The District Local Board, Karachi, made payments from local funds of two amounts of Rs. 180 and Rs. 545 to certain contractors for earth work done in Bathoro taluka. The papers on record showed that the works were unauthorized and represented repairs to the same roads twice—once by departmental labour and the second time through the contractors. It appears that the District Local Board Engineer visited the site but found no trace of work done. In spite of this and the fact that the estimates said to have been prepared were alleged to be missing, the payments were sanctioned.

(3) A clerk in the office of the Taluka Local Board, Samaro, who had been committed to the Court of Sessions for the embezzlement of Rs. 928-3-2 as reported in the Annual Report of the preceding year, was sentenced to undergo rigorous imprisonment for six months.

Central Division.—A decided improvement is noticeable in the prompt disposal of audit notes by Local Boards and warnings that action would be taken under section 10 (5) of the Audit Act had a salutary effect in certain cases.

There was however considerable mismanagement in the Taluka Local Board, Sheogaon, owing to lack of proper supervision on the part of the executive. Almost all the rules and orders were disregarded, serious irregularities were committed by the clerical staff and several works were undertaken before the estimates thereof had been scrutinised and approved by the District Local Board. The Collector has asked the President, District Local Board, to arrange for a post audit of all the bills relating to the works thus unauthorizedly executed and for a more frequent inspection of the Taluka Local Board office.

Northern Division.—The accounts of the Local Boards for the year 1931-32 were audited by the Local Audit Department. The common irregularities revealed by audit were (1) negligence in recording measurements of works, (2) want of completion certificates, (3) irregular payments of travelling allowance, (4) absence of, and deviations from, sanctioned estimates and budget provision of works under execution, (5) slackness of supervision, (6) buying of materials in excess of requirements, (7) use of local board materials by contractors without rent and (8) late remittances of cattle pound receipts.

Southern Division.—The accounts of all the Boards for the year 1931-32 were audited by the Local Audit Department during the year under report. No serious irregularities were noticed and in a number of cases the accounting has been certified to be satisfactory.

17. *General Remarks* :—

Sind.—On the whole the administration of District Local Boards is reported to have been satisfactory, though that of Taluka Local Boards fell below the standard desired. In some cases party faction and communal bias hindered efficient work, and in most cases reluctance to raise the Local Fund Cess has severely restricted the activities of Local Boards. The District Local Board, Thar Parkar, is the only Board in Sind which levies Local Fund Cess at the maximum rate. Though in some cases the Lloyd Barrage Scheme has increased the Boards' income from the Local Fund Cess, Government consider that local boards in Sind would be wise to tap all the available sources of revenue in order to enable them to expand their activities, especially in village sanitation, medical relief, roads and primary education.

The District Local Board, Karachi, partly owing to the drop in revenue resulting from the general depression and partly to the constitution of the District Local Board, Dadu, had to reorganise its finances on the advice of its Retrenchment Committee, and made a substantial decrease in expenditure by retrenching establishment and grants to public institutions and by exercising greater care in expenditure of budget allotments.

The District Local Boards of Hyderabad, Sukkur and Nawabshah expended more than their income during the year and the Commissioner in Sind should point out to these bodies the necessity of balancing their budgets. Heavy arrears of dues from Indus Fisheries remain to be collected and serious attention must be paid to this matter.

In the year under report a member of a District Local Board, who was also Chairman of the District School Board, was prosecuted and sentenced under sections 120-B, 409, 411, 193 and 109 of the Indian Penal Code with regard to a sum of Rs. 2,937 belonging to School Board funds, and he is also being prosecuted for another case of alleged misappropriation of similar monies. An enquiry is also being held against a President of a Taluka Local Board on allegations of fraud.

It may be noted that untouchability does not exist in Sind to the same extent as in the Presidency, and all musafirkhanas, wells, schools, dispensaries, etc., in charge of Local Boards continued as usual to be open to the depressed classes.

Government record their appreciation of the fact that during this year the Local Boards in Sind held themselves aloof from politics and confined their activities to the sphere assigned to them by law.

Central Division.—The administration of the District Local Boards was on the whole satisfactory and the relations of Government officers with Local Boards are reported to have been excellent throughout the year. All Boards had to make efforts to tide over the economic depression by stringent economy and these efforts deserve commendation. In spite of the financial situation the District Local Board, Satara, made important efforts towards rural reconstruction, not only by a village uplift scheme but by giving training to village dais, by encouraging minor industries and by other methods.

The orders issued in Government Resolution, General Department, No. 6676, dated the 4th February 1933, regarding the erection of notice boards near dharamshalas and dispensaries which are the property of Boards declaring them to be open to all castes were not received by the Boards until March 1933 and too late for any effective action to be taken in the year under report. Government, however, are glad to state that several District Local Boards have either erected or passed resolutions for erecting such notice boards on various buildings, wells, etc. The East Khandesh, Nasik and Sholapur District Local Boards gave substantial grants to hostels for depressed class students. The District Local Board, Nasik, conducts a Boarding House at Peint for the benefit of students of the forest tribes, and the District Local Board, Ahmednagar, maintains a Boarding House for Kolis at Akola.

During the year under report His Excellency the Governor of Bombay paid a visit to every district in the Central Division and all the District Local Boards, except Poona, presented him with addresses.

Northern Division.—On the whole, the work of the Local Boards was satisfactory and their financial condition continued to be sound during the year. The members and the President of the District Local Board, Surat, showed their sense of public duty by sacrificing their travelling allowance for attending to the District Local Board work. Their example was largely followed by some of the Presidents and members of the Taluka Local Boards in that District. The year was marked by a complete absence of disturbance from the civil disobedience movement and all the District Local Boards in the Division remained aloof from politics.

It is reported that endeavours are being made for giving equal facilities to all classes alike in the use of schools, wells, tanks, etc. In the Ahmedabad District, some Taluka Local Boards passed resolutions to place notice boards stating that the dharamshalas were for the use of all castes including the depressed classes. The District Local Board, Ahmedabad, also arranged to put up similar notice boards in 10 dharamshalas and 9 dispensaries in its charge. In the Kaira District 15 notice boards were put up near dharamshalas and dispensaries. The Board took up the construction of 6 new wells and repaired 4 others for the use of the depressed classes. The District Local Boards of Ahmedabad and Surat presented addresses to His Excellency the Governor of Bombay on the occasion of his visits to those places in December 1932.

Southern Division.—The administration of all Boards was fairly efficient, and they continued to maintain friendly relations with the officers of Government. Though the measures undertaken by the District Local Boards to deal with the various epidemics which spread during the year under report fell short of the standard requirements, Government agree that the progress shown in this respect is by no means inconsiderable, but would emphasize that serious consideration must be paid to the health and sanitation of rural areas, especially those where plague and cholera are of frequent occurrence.

On the whole Primary Education was satisfactorily maintained by the Local Authorities. Government, however, regret that the condition of the Belgaum District School Board is reported to be generally unsatisfactory, and that there is some ground to believe that the administration of schools under the new system does not inspire confidence nor give general satisfaction, and that the public would welcome introduction of some central inspection, supervision and control over the work of the Board.

All Boards in the Southern Division have opened their public buildings to depressed classes and in Bijapur and Dharwar special classes for the depressed classes, which emphasised the segregation of these castes, are being abolished, and the depressed class students are being admitted to the general schools.

General Review.—Government are glad to note that the reports of the Commissioners show that there has been some improvement in the standard of administration of the District Local Boards during the year, and Government recognise that this improvement was made under the handicap of the general financial depression and of the inevitable reduction in grants from Government. Government would, however, emphasise that for the future the District Local Boards will have to depend more on their own resources than on the grants from Government and especially would draw the attention of the Boards to the necessity of improving their own revenues. Many Boards as yet do not levy more than one anna in the rupee Local Fund Cess instead of the maximum of two annas. Further, the Boards are now empowered to levy a tax on those persons who follow trades and professions. This tax is particularly brought to the notice of District Local Boards, because it may be expected to fall, not on the agriculturists who have been particularly hard hit by the tremendous drop in prices of agricultural produce, but on those trading and other classes, who, it may be argued, do not contribute to local taxation in an adequate proportion in return for the benefits which they receive, especially in education, from the revenue of local bodies. Government would especially commend the prompt action of the District Local Board, Nasik, in imposing this trade and profession tax. Certain other Boards have also expressed their desire to impose such taxation.

Government would particularly draw attention to the action of various Boards in declaring their public buildings open to all classes, including depressed classes, and in affording admission to the children of these castes to the Local Board Schools. Government, however, recognise that in rural areas conservative ideas are still very strong, and they express the hope that all Local Boards and School Boards will continue unabated their efforts to educate the public towards the abolition of untouchability, and that in no case will these efforts end with passing of pious resolutions and the exhibition of a few notice boards.

Government regret to note that it is reported that the working of village Panchayats is generally unsatisfactory. Government, however, appreciate the fact that the old Village Panchayats Act under which Panchayats are now functioning needed improvement and that with the introduction of the new Act of 1933 and the issue of the necessary rules under that Act, Village Panchayats will be given powers and responsibilities which should encourage villagers to take an interest in their working and which, it may be hoped, will lead to a very considerable improvement in genuine local self-Government. It is clear too that the Village Improvement scheme which has now been extended to all districts in the Presidency is likely to give encouragement to the effective functioning of village panchayats, and their progress will be watched in future by Government with great interest.

19. Government note with satisfaction the testimony given by the Commissioners and the Collectors to the excellent work done by many Presidents, Vice-Presidents and Officers of the District Local Boards.

20. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all the Commissioners, Collectors, Director of Public Instruction and other officers and Departments concerned.

By order of the Government of Bombay
(Transferred Departments),

J. B. FERNANDES,
Under Secretary to Government.

G. R. No. P. 52, G. D., dated the 4th April 1934.

To

The Commissioner in Sind,

The Panchayat was established as per Commissiner, N. D's notification No. L. F. 223 dated 6th January 1932 and began to function with effect from 24th April 1932. As all the members resigned during the course of the year, the original notification of the Commissioner establishing the panchayat has been cancelled in this year (1933-34).

Digitized with financial assistance from the Government of Maharashtra on 22 July, 2017

STATEMENT No. V—*concluded.*

Statement showing the constitution of village authorities for Local Self-Government during the year 1932-33 (G.O., G.D., No. 21 dated 4th January 1921)—concld.
